

Články SCOPUS

1. DocumentSlovak Republic repository of radioactive waste Authors of DocumentBartko, M., Baláž, J., Pandula, B.

Year the Document was Publish2014

Source of the DocumentMetalurgija

2. DocumentExamples of law of seismic wave attenuation

Authors of DocumentKaláb, Z., Pandula, B., Stolárik, M.,Kondela, J.

Year the Document was Publish2013

Source of the DocumentMetalurgija

3. DocumentTiming of quarry blasts and its impact on seismic effects

Authors of DocumentKondela, J., Pandula, B.

Year the Document was Publish2012

Source of the DocumentActa Geodynamica et Geomaterialia

4. DocumentZakon prigušivanja seizmičkih valova u tehnici seizmologije | [Attenuation law of seismic waves in technical seismicity]

Authors of DocumentPandula, B., Kondela, J.,Pachocka, K.

Year the Document was Publish2012

Source of the DocumentMetalurgija

5. DocumentRock massif observation from underground coal gasification point of view

Authors of DocumentSasvári, T., Pandula, B., Durove, J.

Year the Document was Publish2009

Source of the DocumentMetalurgija

6. DocumentNew criterion for estimate of ground vibrations during blasting operations in quarries

Authors of DocumentPandula, B., Jelšovská, K.

Year the Document was Publish2008

Source of the DocumentActa Geodynamica et Geomaterialia

7. DocumentProcess control by rotary drilling with exploitation of artificial intelligence methods

Authors of DocumentLesso, I., Horovcak, P., Flegner, P., Pandula, B.

Year the Document was Publish2008

8. Document New principles of process control in geotechnics by acoustic methods

Authors of Document Leško, I., Flegner, P., Pandula, B., Horovčák, P.

Year the Document was Publish 2007

Source of the Document Metalurgija

9. Document Výsledky merania indukovaných seizmických otrasov na lokalitách Zemplínska Široká a Malý Horeš | [The results of measurements of induced seismic vibration at the Zemplínska Široká and Malý Horeš localities]

Authors of Document Pandula, B., Kondela, J., Tometz, L.

Year the Document was Publish 2007

Source of the Document Acta Montanistica Slovaca

10. Document Interdisciplinárna spolupráca pri vyhľadávaní vhodných priestorov pre uskladňovanie rádioaktívneho odpadu | [Interdisciplinary cooperation in the exploration of appropriate sites for the radioactive waste deposition]

Authors of Document Ďurove, J., Pandula, B., Viskup, J., (...), Wax, E., Slavkovský, J.

Year the Document was Publish 2007

Source of the Document Acta Montanistica Slovaca

11. Document Nuclear magnetic resonance spectral function and moments for proton pairs in powdered paramagnetic substances $MnSO_4 \cdot H_2O$ and $NiSO_4 \cdot H_2O$

Authors of Document Jelšovská, K., Pandula, B.

Year the Document was Publish 2006

Source of the Document Metalurgija

12. Document Soil profiles and seismic loading

Authors of Document Janotka, V., Viskup, J., Pandula, B., Lesso, I.

Year the Document was Publish 2006

Source of the Document Metalurgija

13. Document Fractal geometry and impulse dynamic method applied at evaluation of disturbance of rocks

Authors of Document Mockovčiaková, A., Pandula, B., Labaš, M., Krepelka, F.

Year the Document was Publish 2004

Source of the Document Metalurgija

14. Document Control with acoustic method of disintegration of rocks by rotary drilling

Authors of DocumentLesso, I., Futo, J., Krepelka, J.,Pandula, B., Mockovčiaková, A.

Year the Document was Publish2004

Source of the DocumentMetalurgija

15. DocumentProučavanje odnosa između statičnog i dinamičnog modula stijena | [Study of the relation between the static and dynamic moduli of rocks]

Authors of DocumentMockovčiaková, A., Pandula, B.

Year the Document was Publish2003

Source of the DocumentMetalurgija
